

**CEEGEX Central Eastern European Gas Exchange Ltd.** is the operator of the organized market for the Hungarian VTP - MGP.

CEEGEX offers high quality exchange services with safe, trustworthy and long-term solutions for its partners while utilizing the available infrastructure and providing cooperation opportunities in Central and Eastern Europe (CESEE).

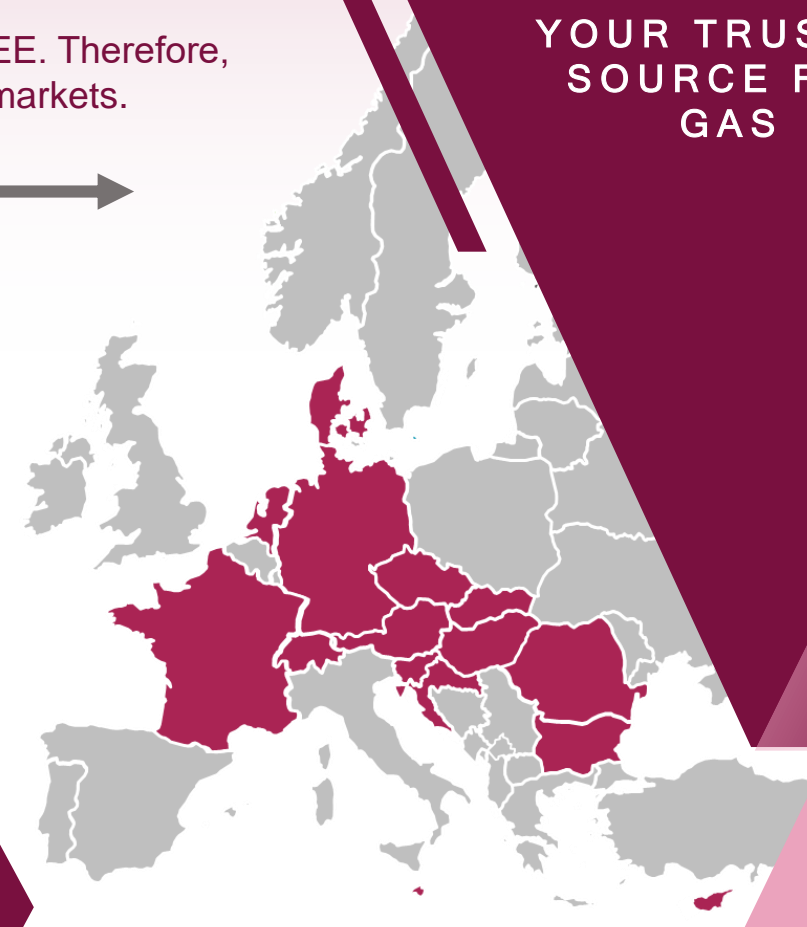

Reclassified by ACER to emerging hub, CEEGEX's goal is to become the reference market in CESEE. Therefore, our efforts are focused on continuous development and liquidity of the Hungarian and regional gas markets.
