2.4. ACER REMIT FEES

2.4.1. LEGAL BACKGROUND

The European Commission introduced REMIT fees funding part of the budget of ACER by the Commission Decision (EU) 2020/2152 of 17 December 2020 on fees due to the European Union Agency for the Cooperation of Energy Regulators for collecting, handling, processing and analysing of information reported under Regulation (EU) No 1227/2011 of the European Parliament and of the Council. REMIT fees consist of two (2) elements, the record based fee element based on the data submitted to ACER (Orders and Trades) on yearly basis and the fixed fee element for the given year.

2.4.2. DETERMINATION OF THE RECORD BASED FEE ELEMENT OF REMIT FEES

The record based fee element is determined and invoiced to CEEGEX directly by ACER with a breakdown for each market participant. The record based fee sums different types of activities (i.e. activity on organized market place, bilateral deals or transportation agreements). CEEGEX directly invoices the exact record based fee element as ACER invoiced to CEEGEX.

2.4.3. DETERMINATION OF THE FIXED FEE ELEMENT OF REMIT FEES

The fixed fee element consists of the annual enrolment fee set by ACER, the lump sum covering other costs of CEEGEX and the lump sum covering the membership risk of CEEGEX.

CEEEX determines uniform fixed fee element of REMIT fees for each market participant taking into the account the invoice issued to CEEEX by ACER (annual enrolment fee). The proportion of the annual enrolment fee set by ACER is calculated upon the number of the market participants, who has valid Membership Agreement or Data Reporting Service Agreement for the CEEEX reporting based on REMIT of details of wholesale energy transactions executed at CEEEX Market or outside of the CEEEX Market (type A1 and B) on the day of the issuance of the invoice by CEEEX to the CEEEX Member or market participant taking into account provisions set forth in Section 2.4.5.

The lump sum covering other costs is calculated based on the sum of record based fee element and the annual enrolment fee set by ACER, which equals to five (5) percent of this sum.

The lump sum covering the membership risk of CEEEX consists of the record based fee element of REMIT fee for terminated CEEEX Members or other market participants with terminated Data Reporting Service Agreement, if any.

2.4.4. FEES FOR ERRONEOUS SUBMISSIONS

CEEEX may charge for erroneous submissions based on the invoice of ACER to CEEEX, if the erroneous submission occurs due to the fault of the CEEEX Member or other market participant with Data Reporting Service Agreement.

2.4.5. INVOICING REMIT FEES

REMIT fees are invoiced at the beginning of each calendar year, after the reception of the invoice by ACER. CEEEX calculates and invoices the fees determined in Section 2.4.2., 2.4.3. and 2.4.4. once a year, therefore REMIT fees determined in Section 2.4.2., 2.4.3. and 2.4.4. shall be paid in one instalment based on the Section 2.8. of this Membership Fee Schedule (Payment conditions).

Before issuing the invoices in the relevant calendar year and based on the information provided by ACER to CEEEX, CEEEX shall publish the tariff of record based fee element of REMIT fees and the fixed fee element of REMIT fees for the given year via Market Notice.

According to the relevant rules and regulations ACER issues an invoice in a calendar year based on the activity in the previous calendar year. According to this rule the market participants – based on its CEEEX and/or HUDEX Natural Gas Segment Membership – shall pay the relevant REMIT fees defined in Section 2.4.2. and 2.4.3. and 2.4.4. also in the following year after the termination of those Data Reporting Service Agreement based on which CEEEX is acting as RRM platform (type A1 and B) until the market participant is a CEEEX and/or HUDEX Natural Gas Segment Member. The market participants won't be invoiced the REMIT fees defined in Section 2.4.2. and 2.4.3. and 2.4.4. from the second year after the termination of Data Reporting Service Agreement type A1 or B between the market participant and CEEEX.

CEEEX will invoice no REMIT fees defined in Section 2.4.2., 2.4.3. and 2.4.4. for the market participants having a Data Reporting Service Agreement type A2 or A3.

2.5. OTHER ADMINISTRATIVE FEES

2.5.1. FEES FOR SUBMISSION, MODIFICATION AND CANCELLATION OF AN ORDER

2.5.2. CANCELLATION FEES FOR MISTRADES

Upon the related rules on mistrade, point 3.10.1. of the Market Rules, on the days of the mistrade event CEEGEX will charge a cancellation fee of 3 000 Euro for the party executing and reporting the mistrade event. The cancellation fee is calculated per mistrade event, therefore one (1) Order submission resulting multiple Trades at the same time means one (1) mistrade event.

The cancellation fee will not be charged in case the cancellation does not take place. No cancellation fee will be charged for the cancellation, if it is requested due to technical failure of the CEEGEX Trading System.
